

Amgen Foundation
2012 UC Berkeley Amgen Scholars Program
Summer Science Seminar & Workshop Series
Thursdays, 8:30-10:00 a.m., 521 Stanley Hall

June 7th

Richmond Sarpong, Ph.D.

*Associate Professor
Chemistry*

Research Topic: Complex Molecule Synthesis

<http://www.cchem.berkeley.edu/rsgrp/>

July 5th

Dan Feldman, Ph.D.

*Associate Professor
Neurobiology*

Workshop Topic: Effective Science Talk Tips

June 14th

Robert Beatty, Ph.D.

Lecturer and Researcher

Workshop Topic: Scientific Writing and
Communicating Your Results

July 12th

Britt Glausinger, Ph.D.

*Assistant Professor
Molecular & Cellular Biology
Plant & Microbial Biology*

Research Topic: Virology and mRNA
<http://pmb.berkeley.edu/profile/bglaunsinger>

June 21st

David Schaffer, Ph.D.

*Professor
Chemical & Biomolecular Engineering*

Research Topic: Stem Cell Therapies

<http://cheme.berkeley.edu/faculty/schaffer/>

July 19th

Abby Dernburg, Ph.D.

*Professor
Cell & Developmental Biology*

Research Topic: Chromosomes Dynamics
During Mitosis

<http://mcb.berkeley.edu/labs/dernburg/>

June 28th

Workshop Topic: Graduate Admissions Process

Dean Toste, Ph.D.

*Professor
Chemistry*

David Bilder, Ph.D.

*Associate Professor
Molecular & Cell Biology*

Christopher Anderson, Ph.D.

*Assistant Professor
Bioengineering*
